New Zealand Stocked Vinyl Lines

ALTRO SAFETY FLOORING with Easy clean Technology

This list is intended as a guide to the product, style and colour of vinyl products stocked by Nuplex Construction Products. It is a guide only and supply is not guaranteed as sales may affect stock at any one time. However it is a good representation of the stocks and colours Nuplex will hold in New Zealand. Contact your Nuplex representative to confirm stocks or to place an order to reserve stock. This list does not indicate quantities held; please enquire for information.

LOCATIONS: Auckland is the main stockpoint but Hamilton, Wellington and Christchurch also may supply stock. Vinyl cut lengths can be provided in all four centres.

For other products, refer to the full manual selections, indent sea freight is 10-14 weeks from Altro Europe. The main determinant is the stock availability from the host manufacturer.

TYPE	COLOUR	FEATURES	Cost
IMPRESSIONIST IP20 2.00mm (other colours on indent)	Ebony Mineral Lunar Tranquil Artic Stucco Aqua Ore Oasis	Altro safety floors are world renowned as safety flooring specialists.
